Paper piecing
is fun!
Use these quick
steps to get started!

Paper Piecing steps:

1. Place the fabric for spot #1 on the wrong side of the paper, rights sides up. Secure with glue or pin.
2. Turn the paper over to the printed side, fold the paper back against the edge of your ruler (or postcard) along the line between spots #1 and #2 and trim the exposed fabric seam allowance to 1/4".
3. Turn the paper over and line up the fabric piece for spot #2 right sides together with the cut edge of the fabric piece in spot #1. Check that fabric 2 will completely cover spot #2 including seam lines. Pin in place.
4. Turn the paper over to the printed side and sew with small stitches along the line between spots #1 and #2.
5. Press to the fabric in spot #2. Press on the fabric side; you can finger press or press with an iron.
6. Turn the paper over to the printed side, fold the paper back against the edge of your ruler along the line between spots #2 and #3 and trim the exposed fabric seam allowance to 1/4".
7. Turn paper over and line up the fabric piece for spot #3 right sides together with the cut edge of the fabric piece in spot #2. Pin in place.
8. Turn the paper over and sew along the line between spots #2 and #3.
9. Press to the fabric in spot #3.
10. Repeat steps 6- 9 until all pieces are added.

Paper Piecing steps:

1. Place the fabric for spot #1 on the wrong side of the paper, rights sides up. Secure with glue or pin.
2. Turn the paper over to the printed side, fold the paper back against the edge of your ruler (or postcard) along the line between spots #1 and #2 and trim the exposed fabric seam allowance to $\frac{1}{4}$ ".
3. Turn the paper over and line up the fabric piece for spot #2 right sides together with the cut edge of the fabric piece in spot #1. Check that fabric 2 will completely cover spot #2 including seam lines. Pin in place.
4. Turn the paper over to the printed side and sew with small stitches along the line between spots #1 and #2.
5. Press to the fabric in spot #2. Press on the fabric side; you can finger press or press with an iron.
6. Turn the paper over to the printed side, fold the paper back against the edge of your ruler along the line between spots #2 and #3 and trim the exposed fabric seam allowance to $\frac{1}{4}$ ".
7. Turn paper over and line up the fabric piece for spot #3 right sides together with the cut edge of the fabric piece in spot #2. Pin in place.
8. Turn the paper over and sew along the line between spots #2 and #3.
9. Press to the fabric in spot #3.
10. Repeat steps 6- 9 until all pieces are added.
